MOGAS INDUSTRIES

LIKE OUR PRODUCTS, MOGAS PEOPLE ARE KNOWN FOR THEIR INTEGRITY AND STEADFAST SERVICE. WE WORK HARD, BUT WE ALSO ENCOURAGE A LIFE THAT IS IN BALANCE WITH FAMILY, COMMUNITY, AND INDIVIDUAL INTERESTS.

People come to work at MOGAS because we offer competitive pay and strong benefits. They tend to stay, however, because they discover an atmosphere that rewards extra effort and initiative, a proud and supportive staff, fair and approachable management, and a worldwide reputation for excellence.

For over 40 years MOGAS has cultivated a unique company culture that helps to define us and continually guide us. We thrive because we work as a cohesive team, but we never lose sight of individual responsibility and ingenuity. Each is rewarded here. We value hard work, but we also make work fun. We celebrate our accomplishments and, when appropriate, we revel in our successes, but we never rest on our laurels. We continue to look ahead.

MOGAS values open and honest communication, so we share everything that is of importance to the company and to our employees. We treat each other with respect and exemplify excellence in everything we do. It is what our customers have come to expect of us and what we have come to expect of ourselves.

MOGAS Six Core Values

- Everybody is the CEO of something
- Quality always wins
- Communicate, communicate, communicate
- Do what's right
- Work with a sense of urgency
- Make work fun

As a company we contribute significant resources to many worthy causes: Ronald McDonald House Houston, Camp for All, The Periwinkle Foundation, and MS150. We continually award scholarships and educational grants to employees and their children, and support private initiatives for public good.

"Company leaders spread the infectious culture and values by living them, by being an example, by bringing their own values to work, facing them, embracing them, and living by them every day. By not requiring rote memory of a handsomely written statement, written word for word by the founder, but instead allowing each team member to live their own values, applying their own personal vision and their own specific core values to their work. The result is emotional commitment. You gain emotional commitment when you are living every minute of every day—your own personal values. Individual and team emotional commitment is what we have at MOGAS, and ladies and gentlemen, that creates the greatest work place of all time."

V. Louis Mogas
Chairman, Owner, and Founder

MOGAS®
SEVERE SERVICE BALL VALVES

Performance. Safety. Reliability.

Severe plant conditions can quickly turn into severe consequences for your business. That's why companies worldwide turn to MOGAS Industries—the leading provider of severe-service isolation and control valves.

Combining over four decades of experience with the most advanced manufacturing practices available, MOGAS helps ensure process integrity, uptime reliability and personnel safety. The result—immediate business efficiencies and lower total cost of ownership in the long term.

In short, MOGAS valves perform in the harshest environments so your company can too.
